Re: Request for Correction Under Section 515 of Public Law 106-554

Dear Mr. Doehnert:

Thank you for your January 3, 2005, letter pursuant to section 515 of P.L. 106-554 (the Information Quality Act), that the National Oceanic and Atmospheric Administration (NOAA) received on January 11, 2005,

Your letter requests NOAA include on its Washington, D.C., and Baltimore, Maryland, voice recorded weather forecasts the time a forecast is prepared or the time of the observation used to make the forecast. On February 17, 2005, NOAA also received your updated request of February 9, 2005, concerning including the time of forecast issuance on its voice recorded weather forecasts. To adequately respond to your original request and the second related request, in accordance NOAA's information quality guidelines, we will require an additional 30 days to complete our review and prepare a response.

We appreciate your interest in NOAA and its products and services.

Sincerely,

Glenn E. Tallia, Senior Counselor  
for Atmospheric and Space Services  
and Research
